

QUEEN ANN'S STAR

Queen Size 90x96

TIP: Assign each of your fabrics a number from 1-5. You can snip a piece of selvage and tape it next to the Fabric # on the pattern. This should make it easier to follow cutting instructions. Fabric #1 should be the Focus fabric, which is generally placed on top of the bundle you purchased.

Assembling Center Block:

1. Using Fabric 3 and 4, make 4 flying geese units. Start by sewing one small triangle to large triangle, press then sew small triangle to opposite side of large triangle and press again.

2. Sew small triangles to either side of flying geese block and press.

3. Sew large (green) triangle to top of flying geese blocks and press.

4. Now add large star (red) triangle points to each side of block. Press after sewing on each seam. Repeat these steps until you have 4 blocks that look like this one.

5. Sew 8 triangle sets of Fabric 3 and 4 using small triangles. Press.

6. Now sew two triangle blocks to a solid 5 1/2" block of Fabrics 3 and 4. Note the placement of the triangle block. Make 4 sets. This will make a 10 1/2" block.

7. Sew two blocks from Step 4 to each side of 20 1/2" center square. Press.

8. Now sew the corner blocks to the other two triangle blocks. Make 2 sets. Press and sew both sets on to the center block from Step 7.

9. Star block should measure 40 1/2". Sew to each side of star a 5 1/2" x 40 1/2" strip of Fabric 4, the 1st border (navy blue). Press. Sew to top and bottom of star block an 8 1/2" x 50 1/2" strip. Note the strip for the top and bottom is larger and you will have to piece this border to get the length. This is to make the quilt rectangular. Press.

2ND, 3RD, 4TH AND 5TH BORDERS

2nd Border is Fabric 1 (light floral) - 6 1/2" strips

3rd Border is Fabric 2 (red) - 3 1/2" strips

4th Border is Fabric 3 (green) - 4 1/2" strips

5th Border is Fabric 5 (dusty blue) - 7 1/2" strips

NOTE: Borders are made by sewing strips together to get the desired length. I have not given you lengths for the borders. You will need to measure both sides to determine your lengths and then cut to measure and sew on the sides FIRST. Press. Measure the top and bottom and cut the length of strip you need. Sew on top and bottom. Press. TIP: *To keep borders from getting too stretchy, keep the strips you are sewing on, on the bottom. Pin the strip on and do not remove your pins until you are done sewing. Sew very slowly over flower pins and you will have more accurate borders.*

10. Quilt as desired and bind.
